

MALE 20s to early 30s

From *Mr. Taken* by Ward Kay.

*Set-up: Marcus has walked in on his girlfriend Jen talking about him with her friends.*

Girls tell their girlfriends everything. And I mean everything. But guys don't usually trash their girlfriends like women do. You girls all think we have locker room talk. That we brag about our sexual conquests. But ladies, that doesn't exist. Oh sure, when you're 15 and you touch titty for the first time, you got to tell your buddies. But after that, you realize that touching titty is only between you and your girl.

Do you know what we really talk about in the locker room? Golf. And football. And our crabby bosses or demanding customers. Those with kids talk about their kids. Go on and on about the kids. That surprise you? My god, the dads and their kids. It makes you want to...well, it makes you want to have some. But I don't want you to be their mother. You're not going to be a very good mother.
